3.	Matters Arising: All actions had been completed. No other matters arising.	
4.	A) CEC, Community Interest Company Sue McGavin, Nicola and Lisa (CAR)	
	Sue McGavin lead a presentation about what the action researchers had learnt during their course.	
	This included: Devising questionnaires, impartiality, transparency, confidentiality, safeguarding of c&yp and selves, and legislation concerning children and families including; Domestic abuse, Disclosure	
	What the project is about and what the action researchers are doing:	
	Looking at ways in which family support services can be improved for families in different sorts of ways that prevent these families from entering into the need for more acute services.	
	Also learnt how to facilitate groups and including everyone	
	Slides depicting the concerns of local people were presented; this included:	
	<ul> <li>Proposed housing development at St Matthew's Rd regarding the new road and the height of the dwellings</li> </ul>	
	<ul> <li>Old run down youth project building and waste being dumped         – Rose confirmed that this will encompass part of the housing development</li> </ul>	
	<ul> <li>Appreciation of the small woodland at the top of Church Rd</li> </ul>	
	<ul> <li>Littering and dumping of waste. Albert added that this was a concern by the Partnership and previously the Partnership has carried out schemes to help raise awareness and reduce this e.g. Operation clean sweep, Junior street Champions scheme. The Partnership along with T&amp;WC are currently trying to promote the St Champions scheme. Simon reported about the beavers and scouts doing regular litter picks in and around Donnington</li> </ul>	
	- Donkey Sanctuary was appreciated as were the new allotments, all the new young people facilities and bowling green on the Rec.	
	- The Old Bell Pub – at last being developed.	
	- Problems with quad bikes and pit bikes	
	- Abandoned Housing Development on Church Walk	
	- Social housing up for auction. Ben gave an explanation for this and stated	

that the balance is finally starting to tilt more in favour for the housing stock soon to be larger for WHT in Donnington now than it was 10 years ago.

#### Future:

- The Community action Researchers have started to work with St Matthews school children and parents
- Attending D-Fest to do a questionnaire: to ask people what people think about the community, the services, what they like/don't like about this.
- Consulting the D'ton Children's Centre and D'ton Wood Junior school, the Messy Church and Health Centre
- Findings will be presented to the Senior managers at T&WC and also be shared with local partner organisations such as Donnington Partnership.

The meeting thanked Sue, Nicola and Lisa for attending and they then left.

### B) Tony Sidaway CEC CIC gave a presentation about Telford Energy Savers

CEC provides consultancy and practical support to organisations aimed at improving the quality of life for local people. The company also recruit and train young community ambassadors. Tony gave a presentation about a local contract hat they are currently involved in to assist energy saving across the borough.

## Overview about Telford Energy Savers (TES):

A scheme introduced by Carillion, in partnership with LA's, to tackle fuel poverty and reduce the strain on energy resources and reduce carbon footprint. It brings together funding sources such as green deal and the Energy Company Obligation. It intends in the first 3 years to: complete 5,900 home assessments and complete 2000 green deal plans, create 20 new jobs.

TES has 3 aspects on offer:

## a) Community Benefits, including:

Reducing fuel bills, Improve health & well-being, Reduce carbon outputs Generate local and sustainable jobs across the region – including suppliers and contractors

Create training and apprenticeship opportunities

5 schools in most deprived areas will be supported annually

#### b) Training & employment Opportunities

40 young people will be supported over 8 years from a five month programme delivered by TCAT. These young people will be supported into either further education, traineeships or employment.

#### c) Green Deal

Offered through a variety of authorised green deal providers (look for energy savers logo) and provides an easy way of paying towards the cost of energy saving improvements to your home

A whole-house approach to assessment

Step 1 = No obligation green deal assessment of your home. Free through Carillion in the T&W Borough

Step 2 = Advice report is provided that shows the suggested improvements that are right for you and your home.

Step 3 = Green deal plan: contract between you and Carillion that tells you the cost and the payback period.

Step 4 = Option to take up a Green deal loan, which is added to the electricity bill and paid over an agreed time. This loan is not paid back until all the works are completed.

Presently the scheme is only available to owner-occupiers and people renting from
